About SHE IS Empowered

SHE IS Empowered = Sisters Helping Each Other In Solidarity is an organization birthed by me to empower, uplift and motivate women of all backgrounds. Here, we provide a safe space to assist those looking to find their path through life. I have developed several workshops and conferences over the years. My most recent event the She Is Empowered Women's Empowerment Event took place 2/22/20. There, I honored four trailblazing and inspiring different women, who all had a unique story to tell.

Women's Empowerment is Our Thing!

Women are strong. Fierce, loyal, leaders, bosses, mothers, daughters, sisters, and friends. We inspire and change Lives. We all come together in the name of Love and Sisterhood.

She is You.
